Slides for 4 17 14.pdf

Hi Peter

Attached are the slides I presented last week for distribution to the rest of the stakeholders group. I know we discussed posting this on google docs and providing a link but it is actually fairly small (1 MB). If you get bounce backs, please let me know and I will post it up for people to download.

Additionally, if ARSG has comments on our planned sampling, please forward to me by the 28<sup>th</sup> so we can incorporate them prior to our May 5<sup>th</sup> sampling.

Thank you.
